

Christmas Ornaments

1. Color the ornaments on both sides.
2. Cut them out on dark solid lines.
3. Fold on dotted lines.
4. Cut a slit at the dark line in the middle of the ornament and insert the tab. Use a piece of tape to hold tab in place.
5. Use a large needle to make a hole for hanging. Pull yarn or ribbon through the hole and knot it.
6. Hang your ornament, tape it to a gift, or tie several to a hanger to make a mobile. You can even give one as a gift to someone special!
